AUTOMATION & SUPPLY

Industrial Air Equipment Solutions

Your Source for Air Systems, Installation, Maintenance & Repair Services

Our Comprehensive Product Portfolio Offers Solutions for all Your Industrial Air Equipment Needs

- Air Compressors
- Air Receivers
- Compressed Air Filtration
- Compressed Air Dryers
- Compressed Air System Master Control
- Oil Water Separators
- Compressed Air Drains
- Vacuum Pumps
- Nitrogen Generation Systems
- Compressed Air Piping
- System Assessments
- Blowers & Air Knives
- Chillers & Cooling Towers
- Heat Exchangers
- Medical/Lab Vacuum Systems
- Dynamic Temperature Control Units

Product Lines We Represent

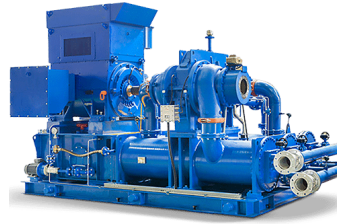

Industrial Air Equipment Solutions

Kaishan Air Compressors

Kaishan is the 3rd largest compressor manufacturer in the world manufacturing over 70,000 compressors yearly. They build a wide variety of high-quality compressors to meet all of your compressed air needs.

- **ROTARY SCREW AIR COMPRESSORS**
- **INDUSTRIAL VACUUM PUMPS**
- **CENTRIFUGAL AIR COMPRESSORS**
- **ORC POWER GENERATORS**

Parker Compressed Air Dryers

An air dryer is an essential component for any compressed air system. Water vapor left in a system can lead to corrosion, equipment malfunction, product quality issues and system failure. Parker offers a comprehensive range of air dryers designed to meet the needs of a variety of applications.

- **DESICCANT DRYERS**
- **REFRIGERATED DRYERS**
- **MEMBRANE DRYERS**

Parker Transair Compressed Air Pipe

- 80% Labor Savings Over Black Carbon Pipe
- Reduced Energy Cost
- 10 Year Leak Free Warranty
- 100% Silicone Free
- Corrosion Resistant
- Quick Connect, Modular Design
- Tooling Loaner Program Available
