

EXOTIC

AUTOMATION & SUPPLY

POLYURETHANE PRODUCTS

From Exotic's Engineered Rubber & Plastics Division

Since 1963, Exotic Automation & Supply has been designing & manufacturing custom polyurethane products using compression, open and closed casting molding technologies for best-in-class durability and performance.

Exotic's Solid Cast Polyurethane (PU) manufacturing process is widely preferred as the material of choice in applications where a high degree of load bearing, abrasion resistance and tear strength are important.

Products Include:

- Bushings
- Bumpers
- Stoppers & Plugs
- Washers
- Pads
- Grommets
- Blocks & Locators
- Gaskets & Seals
- Paint Masks
- Wear Pads
- Rollers
- Wheels

Industries:

- Aerospace
- Agricultural
- Automotive
- Chemical
- Construction
- Electronics
- Food Processing
- Material Handling
- Medical
- Military
- Mining

Durometers:

- 45A-95A
- 60D-75D

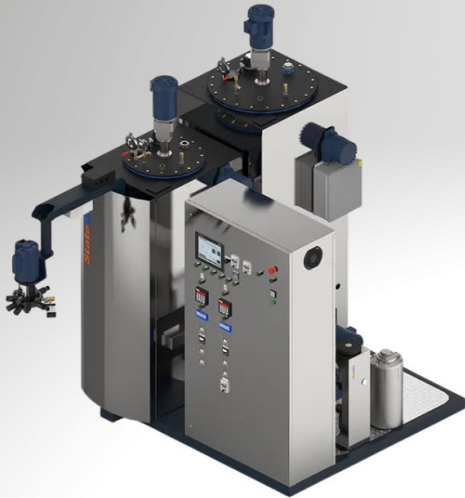

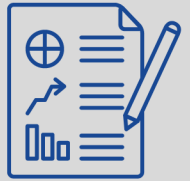

Fast Prototypes Available!

All Colors Available!

IN-HOUSE EQUIPMENT

TECHNICAL DATA
SHEETS AVAILABLE
UPON REQUEST

Automated Dispensing Machine

- Low to High Volume Production
- Multiple Color Streams

Hand Batching Station

- Low Volume High Mix Capabilities
- Custom Formulations & Blends

State Mix Vortex Machine

- Mix up to 5 pounds of materials in less than 30 seconds

**60+ YEARS
SERVING THE INDUSTRY!**

Looking for Cut Rubber or another Rubber & Plastics need? We can help you with that too!

Qualifications

- CAGE Code #59111
- Affirmative Action Compliant
- ISO 9001:2015
- SBA Small Business
- ITAR/EAR Compliant
